Tangshan Iron and Steel is part of the HBIS Group Co., Ltd., China’s largest steel producer with an annual production of over 46 million metric tons in 2016. The Tangshan production site has been in operation for over 70 years. In recent years, Primetals Technologies has supplied an AOD converter, a vacuum decarburization plant and a continuous galvanizing line to Tangshan, and also coupled the tandem cold rolling mill to the existing pickling line.
